This cancels all previous lists

For over 20 years, Vinothentic has acted as agent with exclusive representation for this extensive list of **artisanal** family growers. Our growers have cultivated their plots for generations, day after day, season after season, using **traditional ancestral methods of viticulture**.

They work with passion and commitment, **in harmony with nature** and with utmost respect for the environment to protect and preserve their ancient heritage.

But more importantly, every single one of our **carefully selected wines** has one thing in common; they are **pure** as well as **harmonious** and **well balanced**, with **a true identity, a distinct personality** and **absolute authenticity**.
